PETITION TO: The House of Commons Regarding Closed Captioning

We, the undersigned citizens of Canada, draw to the attention of the House of Commons the following:

THAT, House of Commons debates, Statements by Members and televised committee meetings, Orders, etc. currently lack closed captioning services;

THAT, access to those proceedings by Canadians who are hearing impaired is fundamental to our democracy and is a matter of basic fairness

THEREFORE, your petitioners request the House of Commons to provide closed captioning of House of Commons debates, Statements by Members, Orders, and televised committee meetings.
